## Notes

1. Officers of Pacific Gas and Electric Company include those employees in positions with titles of Vice President or above. It does not include employees who function in an officer capacity solely for governance purposes such as assistant corporate secretary and assistant treasurer.
2. Reflects the annual base salary approved for January 1, 2007 or, for new officers, upon hire.
3. Represents target Short-Term Incentive Plan award based on annual salary at January 1, 2007 or, for new hires, upon hire. Target awards range from 30% to 100% of base salary, with a maximum payout of two times the target STIP award, depending on the extent to which objectives are met. 2007 objectives were based 50% on operating earnings, and 50% on operating measures. Actual awards were paid in 2008.
4. Restricted stock granted in 2007. Shares vest in 20% increments over the first three years following the grant with the remaining 40% vesting in the fifth year following the grant. If PG&E Corporation's three-year total shareholder return (TSR) is in the top quartile relative to its comparator group, vesting of the remaining 40% will accelerate to the third year following the grant. For the annual grant made on January 3, 2007, the estimated value is based on the average closing price of PG&E Corporation common stock for the month of November 2006 (\$44.618). The following grants made after January 3, 2007 are valued using the closing price on the grant date: 695 shares granted to a Vice President on March 1, 2007, valued at \$46.65 per share; 480 shares granted to a Vice President on March 1, 2007, valued at \$46.65 per share; 535 shares granted to a Senior Vice President on March 1, 2007, valued at \$46.65 per share; 6,005 shares granted to a Senior Vice President on April 11, 2007, valued at \$49.94 per share; 5,015 shares granted to a Senior Vice President on April 16, 2007, valued at \$49.82 per share; 3,315 shares granted to a Vice President on May 29, 2007, valued at \$49.01 per share; 560 shares granted to a Vice President on November 6, 2007, valued at \$44.48 per share; 560 shares granted to a Vice President on November 6, 2007, valued at \$44.48 per share; 22,480 shares granted to the President and CEO on November 6, 2007, valued at \$44.48 per share; 1,965 shares granted to a Vice President on November 6, 2007, valued at \$44.48 per share; and 3,215 shares granted to a Senior Vice President on December 3, 2007, valued at \$46.59 per share. For the November 6, 2007 grant to the President and CEO, vesting will occur as if the grant had been made on January 1, 2008. A special award of 21,155 shares was granted to the Chairman, President and CEO of PG&E Corporation on January 3, 2007 and is valued at the grant date closing price of \$47.27 per share. The award was to vest in full five years after the grant date. In April 2008 the independent members of the Board approved a modification to the terms. Unless forfeited, 8,462 shares will vest on December 31, 2008 and the remaining 12,693 shares will be cancelled and replaced on January 2, 2009 with 12,693 restricted stock units. These units will have the same vesting date as the original restricted stock award. A special award of 108,061 shares was granted to the President and CEO on January 29, 2007 and is valued at the grant date closing price of \$46.27 per share. Shares vest in 40% increments over the first two years following the grant with the remaining 20% vesting in the third year following the grant.
5. Performance shares granted in 2007. Performance shares vest, if at all, at the end of a three-year period, depending on PG&E Corporation's TSR relative to its comparator group. There will be no payout for TSR performance below the 25<sup>th</sup> percentile; there will be a 25% payout for TSR performance at the 25<sup>th</sup> percentile; there will be a 100% payout for performance at the 75<sup>th</sup> percentile; and there will be a 200% payout if PG&E Corporation's TSR ranks first. If PG&E Corporation's TSR is between the 25<sup>th</sup> percentile and the 75<sup>th</sup> percentile, or above the 75<sup>th</sup> percentile, award payouts will be determined by straight-line interpolation. The payment will be in cash and is determined by multiplying (1) the number of vested shares, (2) the average closing price of PG&E Corporation common stock over the last 30 calendar days of the year preceding the vesting date, and (3) the payout factor based on corporate performance. The following grants made after January 3, 2007 are valued using the closing price on the grant date: 695 shares granted to a

Vice President on March 1, 2007, valued at \$46.65 per share; 480 shares granted to a Vice President on March 1, 2007, valued at \$46.65 per share; 535 shares granted to a Senior Vice President on March 1, 2007, valued at \$46.65 per share; 6,005 shares granted to a Senior Vice President on April 11, 2007, valued at \$49.94 per share; 5,015 shares granted to a Senior Vice President on April 16, 2007, valued at \$49.82 per share; 3,315 shares granted to a Vice President on May 29, 2007, valued at \$49.01 per share; 560 shares granted to a Vice President on November 6, 2007, valued at \$44.48 per share; 560 shares granted to a Vice President on November 6, 2007, valued at \$44.48 per share; 22,480 shares granted to the President and CEO on November 6, 2007, valued at \$44.48 per share; 1,965 shares granted to a Vice President on November 6, 2007, valued at \$44.48 per share; and 3,215 shares granted to a Senior Vice President on December 3, 2007, valued at \$46.59 per share.

The units vest on the third anniversary of the grant date. The SISOPs shown were granted January 3, 2007 and are valued at the closing price of PG&E Corporation common stock on that date (\$47.27).

**PACIFIC GAS AND ELECTRIC COMPANY  
PROPORTION OF COMPENSATION PAID DIRECTLY OR INDIRECTLY BY UTILITY CUSTOMERS  
FOR THE YEAR ENDED DECEMBER 31, 2006.**

In the 2003 General Rate Case (GRC), PG&E did not seek recovery of all of the costs included in "Aggregate Compensation". The GRC request excluded costs for the Long-Term Incentive Program, Special Incentive Stock Ownership Premiums, and officer perquisite allowances. On the "Compensation Received or Deferred" schedule those costs are presented in the columns titled "Proceeds from Stock Options Exercised", "Proceeds from Restricted Stock", "Special Incentive Stock Ownership Premiums Value at Vesting", and "Other Annual". Also, in the 2003 GRC, PG&E requested recovery of Short-Term Incentive Plan awards at target. The actual payout reflected in the column titled "Short-Term Incentive Payout" is approximately 140% of target, so recovery was sought for only 71% of the costs shown in this column. (Previously PG&E has been allowed recovery of only 50% of target.) After subtracting Long-Term Incentive Program costs, Special Incentive Stock Ownership Premiums, and Short-Term Incentive Plan payouts above target, the proportion of 2006 "Aggregate Compensation" requested in the 2003 GRC amounted to approximately half. Please note, the approximate 50% figure overstates recovery in that it reflects the GRC request and not actual recovery, which was less. In view of the "black box" nature of the 2003 settlement, PG&E cannot say what percentage of specific pay components were allowed, but it was less than what was requested.
